Royal College of Physicians &
Association of British Neurologists

**Neurology for the
21st Century**

Thursday 4 July, 2002

Royal College of Physicians, 11 St Andrews Place,
Regent's Park, London NW1

Audience: Consultant neurologists, general physicians and geriatricians

Purpose: To update specialists on common neurological conditions, particularly emergencies.

Topics: Professor Charles Warlow, President of the Association of British Neurologists, will speak on the future of neurological services. Other topics will include Prion Disease and NICE. Participants will have the opportunity to exchange views and ideas, and the meeting will close with a display of the college's neurological historical exhibits.
